

Datahandling

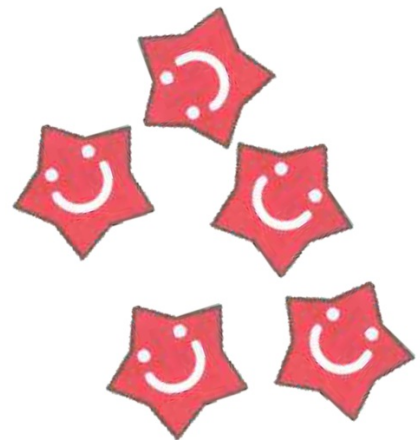

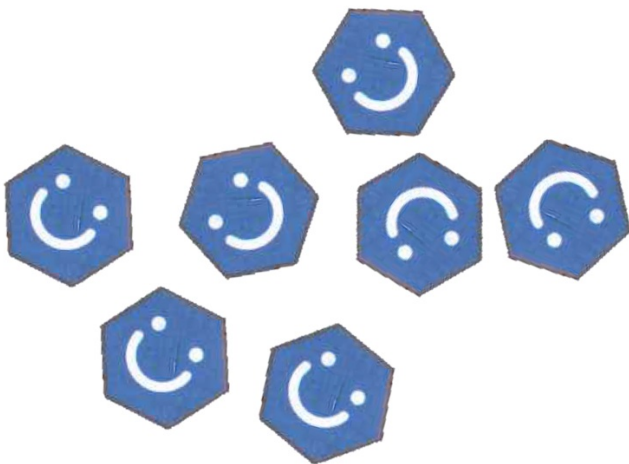

Wednesday

Collecting and organising data

- 1 Sally loves stickers!
Count the number of stickers she has.

How can we organise
these stickers to make
it easier to count them?

We can show the number of stickers in this way too.

Sally's Stickers

Red	Blue	Yellow

What information can we find out?

How many more blue stickers than red stickers?

We are going to make a graph using the stickers

Crab	
Shrimp	
Starfish	
Fish	

In pairs work out answers and record your whiteboard.

- How many shrimps are there?
- How many starfish are there?
- How many fish are there?
- How many crabs are there?
- Are there more shrimps or fish?
How many more?
- Are there fewer starfish or crabs?
How many fewer?

Now try Practice Book p.23-26

Picture Graphs

Practice 1

Simple picture graphs

! Jack's friends have birthdays in these months.

Peter in March	Miya in February	Millie in January	Farha in April
Emma in January	Hannah in March	Tai in March	Hardeep in February
Ethan in January	Omar in April	Ruby in March	Ella in March

Help Jack to complete his graph below.

Months My Friends Have Birthdays

Millie January	Miya February	Peter March	Farha April

Then answer the questions.

- How many friends have birthdays in January?

- Which month do most of his friends have birthdays?

Fill in the spaces for questions 2 to 4.

- 2 Miya's garden is full of flowers.

Flowers in Miya's Garden

		
Daffodil	Rose	Tulip

- a There are _____ daffodils.
- b There are _____ roses.
- c There are _____ tulips.
- d There are _____ more roses than tulips.
- e There are _____ fewer tulips than daffodils.
- f There are _____ flowers altogether.

3 Annie has a toy shop.

Toys in Annie's Shop

Toy plane	  
Toy car	         
Toy train	     

- There are _____ toy planes in Annie's shop.
- There are _____ toy cars.
- There are _____ toy trains.
- Annie has the most _____.
- Annie has the fewest _____.
- Annie has _____ toys altogether.
- There are _____ more toy cars than toy trains.
- There are _____ fewer toy planes than toy cars.

- 4 The graph shows the coins Hardeep saves in a week.

Hardeep's Savings

Monday	 
Tuesday	   
Wednesday	
Thursday	    
Friday	
Saturday	  
Sunday	    

- a How many coins does Hardeep save on Monday?
He saves _____ coins.
- b How many coins does he save on Tuesday?
He saves _____ coins.
- c Hardeep saves 1 coin on Friday.
He saves _____ more coins on Saturday.
- d How many coins does he save from Thursday to Saturday altogether? _____ coins
- e He does not save on _____.
